

5 Saturdays College Scholarship

Our mission is to provide the 5 Saturdays training and knowledge to people willing to build local communities populated with volunteer professionals who mentor students and expose them to a career in Science, Technology, Engineering, Agile, and Math (STEAM) and lean business. As individuals, we help people and groups learn to innovate and discover solutions to common and complex problems by emphasizing:

- **Continual discovery *above* instructions**
- **Team collaboration *above* individualism**
- **Positive inquiry *above* rhetorical questions**
- **Respect for people *above* winning**

We provide an opportunity for our student body to apply for Scholarship funds in order to support them as they apply themselves in furthering their education.

The 5 Saturdays leadership council will review applications and make awards based on students who have demonstrated the core guiding principles we have built the organization around: Discovery, Collaboration, Inquiry and Respect. 5 Saturdays alumni will receive preference especially when participated as a learning facilitator.

By submitting this application, you are attesting to the following:

This application is your own work, and the information contained herein is true and accurate to the best of your knowledge and belief.
